

Magical Earth Retreats

**SUMMER EARTH ADVENTURE:  
TEEN NATURE LEADERSHIP CAMP**

Ages:	13-18
Our Teen Nature Leadership Camp includes the following daily themes*:	
Orientation and Team Creation	Welcome, team creation, fort building, hiking, recycling. We will also build a protected meeting area.
Instincts	Learn to trust your own intuition and confidence while learning how to accept and receive help from others.
Attitude of Gratitude	Share stories of interconnections and gratitude for ourselves, one another and the natural world around us.
Into the Night	Build a safe, dry overnight camp area and fire pit to cook over an open fire.
Tread Lightly	Learn ways to lesson one's carbon foot print and walk lightly on the earth. Discuss what this means and how to teach others by both example as well as words.
<p>This program is designed to help our young community members to rely on their own instincts and confidence, along with a respect for our natural world to go back into their homes, families and circle of friends and to lead others in how nature supports us, nurtures our creativity and how to care for our natural surroundings.</p> <p>Our programs vary dependent on the weather and participants. We include many other activities and crafts too numerous to mention here.</p> <p>We also spend quiet time in our "silent hollow" where we write poetry, discuss the days events and express our gratitude for everything and everyone.</p>	
Join us in the Magic of Nature!
