

Magical Earth Retreats:

How nature nurtures creativity!

Dear Friend,

Thank you for your interest in Magical Earth Retreats mission and programs! We are excited about the opportunity to speak with you about how we can help to enhance the programs which you offer!

Our day camps and retreats are totally mobile! We can run them wherever there are nature trails, woods and/or grassland. We bring all the necessary art and craft supplies, nature guides and energy to bring our camps alive.

Magical Earth Retreats believes that there is severe nature deficit disorder in the world today and it is their goal to eliminate this one child or adult at a time. With Magical Earth Retreats, Don and Jane May Jones are filling a need, especially for school children to connect with nature and art at the same time. Art programs have been drastically cut from our school system and field trips into nature are virtually non-existent. Children in the inner city have little or no contact with nature. As such they are unable to understand the importance of saving the planet, nor do they understand how we are all connected.

Earth Angels of Vermont, Inc., dba Magical Earth Retreats is a 501c3 public charity with its headquarters in Readsboro, Vermont. Our mission is to provide the space, place and opportunity for children and adults alike to reconnect with mother nature with the goal of changing the destructive route of the human race one child/person at a time with love, light, peace and creativity.

Our Story!

When was the last time you played outside? Heard the wind rustle the leaves? Enjoyed a birdsong as the sun set? At Magical Earth Retreats, we want to make sure that children and adults get the chance to do all of the above. Our programs connect children with nature through art, music and outdoor adventure.

Magical Earth Retreats is a non-profit that raises money to fund our programs and provide scholarships to children in need. In this digital age, we are passionate about reconnecting children (and adults) and families back to nature.

Our corporate headquarters is located in Readsboro, Vermont, our programs either take place on our property at Fernwood or they can come to you. For our summer camps and retreats, after school programs and birthday parties, all we need is the great outdoors and our programs come to life.

Founded by Donald and Jane May Jones, Magical Earth Retreats is their dream come to life. Graduates of Wizard Camp, they are kids at heart who own and operate two successful companies in Vermont. They bring their love of the outdoors and the arts to every program. Jane is a painter, photographer and avid gardener who loves to enjoy the wonder and awe of every day. Donald is an author, fisherman and hunter who knows how to use each of his senses to experience everything that nature has to offer.

Please join Magical Earth Retreats as a volunteer, patron or camper. For more information email us at info@magicalearthretreats.com.

Are you a retired professional lady or are you an entrepreneur with some freedom to help with our Mentorship Program? Are you excited about giving another lady the opportunity to raise herself up from what might be a difficult, or even disastrous, situation? Then you have come across the perfect program for you.

Our mentorship program has been established to help women move forward into a more successful and productive life for her and her family. We take on our clients for a six month period at no charge to them. We also donate \$100 for interview clothing shopping.

Our Mentors

As a mentor you will need to be able to dedicate 2 to 4 hours per month of your time helping woman in need. Each mentorship is a six month commitment. You will be helping with a variety of tasks during this time however most importantly you will be there for morale and emotional support as our clients navigate through the process of improving their lives.

Each mentorship program will consist of six one hour (approximately) telephone conversations and sharing of any documents via e-mail. There may also be some questions which pop-up during the month from the clients and these will be via e-mail also. There will also be one shopping trip for interview clothing.

Below are some of the tasks that you will need to be willing to undertake with your person.

- Writing a resume
- Helping strategize who to send them out to
- Teaching interview skills
- Showing how to dress for success
- One shopping trip to a second hand store to help with putting interview outfit together
- After interview follow up conversation about what worked and what didn't
- Various phone calls to help/support to reach job goals
