Carrie Blake joined us once again at the Living Memorial Park. We always have a great time creating and enjoying our theatrics on the stage.

Jane May Jones sets the programming up and leads the camps with the help of these wonderful people.

SCHOLARSHIP FUND

Every year we give scholarships!

It is our goal to have as many scholarships as possible. We raise funds year round to enable children from families in need to come to our camps. The registered children and our fund raising enable us to provide a magical experience for our participants.

In 2019 we offered 6 partial scholarships.

FISHING WITH THE WIZARD

Getting children 'hooked' on fishing!

A couple of years ago we introduced this program. The Wizard, aka Donald Jones, is an avid fisherman. He fishes the local waters here in Southern Vermont from his bass boat every summer. He is passionate about teaching children the art of fishing and catch and release.

During the summer months we offer up- to 5 mornings of fishing on Lake Sadawga. This is a small body of water with a great fishery. It even has a floating island. Many use this as a kayaking lake. So beautiful and peaceful.

These mornings of fishing are all about learning the equipment, how to cast and above all how to catch and release. We have repeat children who have been coming for 3 years now. Every time they come they catch at least 20 fish in the morning. They are certainly hooked!

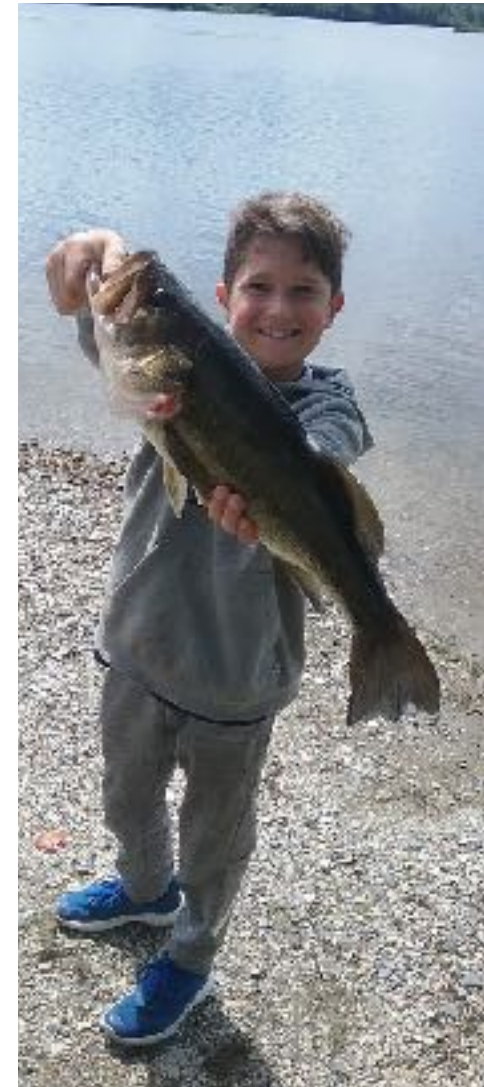

The Wizard and his crew!

Fishing with the Wizard is just another way to get our children out of doors and learning how nature nurtures our creativity and well being. Fishing is a great way to relax and find peace in your life.

Look no further come and play with us in 2020 for our inaugural Adult Day Camp. We will do all the fun things that we do with the children, we will be out of doors all day enjoying nature and the company of other individuals looking for their long lost playfulness.

We will journal (writing and drawing), paint, look for micro-organisms in the rivers, identify the most beautiful mushrooms and fungus, up-cycle, make pencils, prep and decorate walking sticks and so much more fun stuff! OH, did I mention the walking, hiking and great camaraderie? Are you in? Check out our new 2020 schedule which will be available in late December 2019, early January 2020.

FUND RAISING

What has been successful!

Magical Earth Retreats has done direct mailings to like-minded, socially responsible individuals and companies and also to previous parents.

The results of these fund raising efforts along with the paying participants allow us to offer so many scholarships to children who otherwise would not be able to attend summer day camp.

As the new program offerings grow we will be able to add more scholarships to our important children's adventures.

Increasing fund raising efforts

In 2019 we raised \$1650 so far for our scholarship program which is slightly less than in 2018. Our goal is to exponentially increase scholarship funds in the next few years, thus enabling us to dramatically increase the number of scholarships.

Registrations were a higher percentage from the Wise Souls Retreat. Other mini and week-long retreats will be scheduled in 2020. All of the additional adult programming helps to increase our scholarship fund.

Additional efforts will be put in place to ramp up our fund raising efforts.
